

# SEPTEMBER NEWSLETTER

## Reaching out to the Business Fraternity

In our constant endeavor to keep track of latest developments in the business world, our Co-founder, Sonal, participated in the iNFHRA event at Hilton Mumbai: "Global Workplace Innovations: Thinking Ahead & Beyond of Safe Secure Workplace" held on 16th September 2022. Asti Infotech was amongst the Bronze Partners for this prestigious event. The session was well attended by more than 100 business leaders who discussed the various aspects of workplace innovations.

## New Associations With Prestigious Names in the Business

The most heartening news for us is when our tech products simplify the lives of our customers and bring smiles to the users. Solving problems, improving lives, enhancing business growth are the very reason why team Asti works relentlessly to innovate and create better, smarter solutions. Here are some of our new business partners who have placed trust in us:

Both companies use IMPRINT's advanced work force monitoring and automation tool to manage daily tasks, routes, expenses and reimbursements for their field service agents.

Adopted AFM for streamlining their Employee Transportation System

Entrusted the safe commute of students to TRAKOM School Bus Tracking Solution

## Better Products, Happier Clients

Technology is at the heart of everything we do at Asti Infotech. And our ace developers make sure that our products keep getting better with each version.

### »» Imprint Field Force Monitoring Solution

- Archive Functionality for Lead and Order Management
- Consolidated Report tab for timesheet, attendance, daily activity and trip report.

### »» AFM Employee Transportation Solution

- Vehicle Backup Module – in case of breakdowns, backup vehicle will be arranged or reimbursement token raised.
- User Onboarding template mail for Admin – can be customised for onboarding employees.

### »» TRAKOM School Security Solution

- Transporter Module – transporters can create login and track their buses running for multiple schools.
- Trace buses 24/7 – All running buses can be checked from a single page.

## Good Times with the Newest Members of the Team

While week days are for learning, weekends are definitely for letting your hair down. We're working hard at inculcating these habits in the youngest members of the team!! Some fun moments where the CEO himself is indulging the interns!
