Hey there from Asti Infotech!

We're excited to bring you our latest updates and insights for this month. Along with some fantastic new features and improvements to our products, we've also gathered interesting industry insights and information to keep you informed and ahead of the curve. Dive in to see what's new and how it can help boost your productivity and success.

Employee Transport Management Solution

The need for safe, hassle-free commute for employees can't be emphasized enough. A new-age ETS doesn't just take care of employee safety but also ensures fleet optimisation, reduced burden on transport managers, significant cost savings and lower carbon footprint.

To help you decide on the right Employee transport management solution for your company, we've compiled a checklist. Take a look before you take the decision!

Field Force Performance Monitoring Solution

While you are aware of the benefits of using a field service management (FSM) solution like Imprint for your on-the-move workforce, have you ever wondered what exactly is the ROI of investing in it? While FSM software comes with a host of tangible benefits like enhanced operational efficiency, automated workflows, streamlined lead management, improved customer experience, etc, there are multiple intangibles too. Together they give the complete picture about how an AI-powered FSM tool can revolutionize your sales and boost productivity!

To truly understand the ROI of an FSM software, check out this detailed analysis:

School Bus GPS Tracking Solution

Trakom has been ensuring safe student commute along with the convenience of automated student attendance to our partners across the country.

Many a times working parents need their children to be picked up from home but dropped off at a different location (day care, grandparents' home). Schools face the issue of modifying pick-up/drop-off locations and ensuring that drivers are informed in time about change in route. To reduce these complexities, Trakom allows school admin and parents to easily customise pick-up/drop-off locations with its user-friendly apps.

To know more about how Trakom ensures peace of mind to all stakeholders, read on:
